# 1 INTRODUCTION

## 1.1 Document Name and Identification

This Certificate Policy (CP) can be identified by the name of the Certification Authority (CA) « Certigna » and by its OID: 1.2.250.1.177.1.0.1.

## 1.2 Redirection

Certigna has a root CA named "Certigna" to provide certificates to subordinate authorities.

This CP describes the practices that the CA applies and agrees as part of the provision of its electronic certification service. The CP also identifies the obligations and requirements relating to the other stakeholders, the certificate users.

The reader's attention is drawn to the fact that the understanding of this CP guess he is familiar with the concepts related to the technology of Public Key Infrastructure (PKI).

### IMPORTANT

This CP has been replaced by a broader CP which also covers the practices of this Certification Authority.

The CP applicable and describing the practices and obligations of this Certification Authority is available at this address: <https://politique.certigna.fr/en/PCunique.pdf> and is referenced by the following OID: 1.2.250.1.177.2.0.1
